The World's Film Corporation presents

"UNCLE TOM'S CABIN"

IN FIVE PARTS

The Picture every one has read about—The plot of which was laid in Garrard County. You should not miss it.

AT OPERA HOUSE. TUESDAY FEB. 2ND

TUESDAY, FEBRUARY 2nd, 1915

6 EPISODE OF

THE MASTER KEY

The sight of
This plan saved
Its maker's life.

"There is a blackness born of love as well as hate."

These two men loved different women. Yet the conflict of their passions wrecked both lives.

Read about it in this paper.

Then see the moving pictures produced by the Universal Film Manufacturing Company by special arrangement for this paper.

REX THEATER

Please hand us that \$

The nights are getting shorter.
Next Tuesday is "ground-hog" day.
Kale greens and hog jowl, can you imagine anything better.

The garden seed sent the Record for distribution, have exhausted.

Cheer up! What if you was a worm and had to live in a wild crabapple?

The old year tried to bring in side whiskers but the task was beyond its strength.

Hudson & Hughes can save you money on Patent Flour. Ask them and be convinced.

Quite a number from here tried to get to the Grand Opera at Lexington, but missed the train.

We wish to thank quite a number of our friends and subscribers who sent in the issue of January 7th, that we asked for in our last issue.

It costs money to run a paper, pay postage and employ experienced men. Don't get angry at us, if you fail to get your paper. You know the reason why.

As Usual: Hudson & Hughes have the best selection of High Grade, Clover, Timothy, Blue and Orchard Grass seeds, and best of all, their prices are right, if quality is considered.

A splendid article from the pen of Mr. C. S. Roop on "Longer Terms For Rural Schools" appears in this issue of the Record. Mr. Roop is on the right track and his article is well worth reading.

In the past month several hundred dollars worth of sheep have been killed within a radius of three miles of this town. There ought to be a systematic warfare carried on against the worthless dogs of the county.

No matter how many pledges a candidate or party may make, they cannot be successfully redeemed if the way is beset with lobbyists, and we should be for the man who says he will help us get rid of these parasites.

SPECIAL FEATURE.

The managers of the Rex Theater announce that they will begin another feature film at this house on Saturday night, Feb. 6th and that it will be one of the best that has ever been shown in the town. Next issue of the Record will give details. Watch for it.

FISH DINNER.

The "Circle Girls", knowing how to please the "inner man", on Court day served a menu consisting of fried fish, coffee, corn bread and pickles. These girls are all good cooks and those who have not already captivated a man stand a good chance of being taken captives after such a dinner.

A CORRECTION.

Last week in mentioning the Bryansville school we made a mistake in saying Miss Elizabeth Bryant was assistant. Miss Bryant was given the school but on account of the attendance being so large Prof. B. L. Sipple was employed and together they are teaching this up-to-date school which is the pride of Bryansville.

AND NO HOTEL.

Assessor J. S. Baughman, reports that the total taxable property of Boyle county is a little over \$10,000,000, which makes the per capita of wealth in the county \$666, for every man, woman and child, both white and colored, said to be the highest per capita wealth in the state. With all this wealth they can't raise enough money over there to build a decent hotel. Shame on you.

FALSE REPORT.

It was reported last week that a case of small-pox was over the barber shop of Mr. Maic. House, which was erroneous and we wish to correct it in justice to Mr. House. Reports of this character have a tendency to hurt business, whether true or untrue and while any one knowing of a case of small-pox in the county, should report it at once, but don't circulate it unless you know it to be a fact.

THE GOOSE HANGS HIGH.

Everything is ready and the geese hangs high for the feast that the "Circle Girls" will serve to the hungry horde to-morrow evening.

Ten big fat squawking wild geese have already been slain and will be served at fifty cents a plate by these young ladies to the business men of the town. Over fifty plates have been spoken for and the dinner will be served promptly at six o'clock in the room adjoining the Opera House.

PIE, MINCE, ALL HOMEMADE

The B. M. of the Record has had a pie given him—mince pie, thick juicy and conducive to fond memories. It was not an ordinary chef d'oeuvre, it was truly "homemade". The flour was grown and ground in Lancaster township. The shortening was the whitest offering of a prize Garrard Co. "nobby snouter".

The mince meat? Well, the pure food inspectors didn't inspect or stamp this article as it was made by Mrs. N. Miller which means it didn't need anything but eating, which was done in very short order.

AIN'T IT THE TRUTH.

"Ah was thinkin'," said Uncle Bob Overstreet, "What a nice, peaceful-like world dis here universe would a been if it wasn't for de movements of de human under jaw."

WHO?

Who hath dried apples? Who hath baking powder without end? Whose groceries are old and stale? He that siteth like a bump on a log! He that knoweth not the way to the printers' office.

BUSINESS CHANGE.

Mr. W. B. Lackey, who has conducted a general merchandise store at the corner of Richmond and Depot street, for several years, has sold out his stock to T. M. Howard and possession was given Tuesday.

"FOXY GRANDPA."

President Wilson declined to put forward his name as a suitable one for grandson Sayre, and the boy's name is Francis.

When we think over the John C. Breckinridge, the Henry Clays, the John J. Crittendens, the Thomas Jeffersons, the "Gawge Washin'tons" of various colors and conditions, not forgetting the crop of Grover Cleavelands, William McKinleys and other obscure bearers of well known names, we can understand why the President insisted upon a distinctive name, despite the honor that threatened the new arrival as the bearer of the name of a President. —State Journal.

LOOKS GOOD FOR LANDRAM

The following dispatch from Washington will interest the friends of Lewis Landram in this county and all are wishing him success in landing this just claim.

"The House Committee on Claims yesterday reported favorably the bill to carry out the findings of the Court of Claims in the case of Louis Landram, administrator of the estate of the late William J. Landram, who was the collector of internal revenue for the Eighth district of Kentucky from July 1, 1873 to July 4, 1885. The claim recommended to be paid amounts to \$5,346.29 and represents a part of the unpaid salary due the former collector."

GOOCH-DUNN.

Altho it has been suspected for some time, the friends of Miss Mary Elizabeth Gooch and Mr. Benjamin Armstrong Dunn were surprised when it was known that they were married Wednesday afternoon January the 27th, at the home of the bride's parents.

The Rev. F. M. Tindler of Lancaster performed the ceremony in the presence of the two immediate families.

The bride, who is a daughter of Mr. and Mrs. W. G. Gooch, looked her best in a traveling suit of blue with hat and gloves to match. She is a very estimable young lady and has for the past few years been an efficient teacher in the schools of her county, while the groom, who is a son of the late W. G. Dunn, is in every respect a splendid young man of the Markersbury section of Garrard county.

After the ceremony, Mr. and Mrs. Dunn went immediately to their home where they are being showered with good wishes and congratulations by their relatives and friends.

SMALL CROWD

Not Much Doing Here Court Day.

One of the smallest court day crowds seen here in a long time was that of last Monday. Only a few head of stock were on the streets, those being mules and very few changed hands as no buyers put in their appearance. A few of the local dealers took in some bargains in the mule line. Mr. Jim Sutton bought a nice pair of S. L. Rich for \$285. W. B. Burton bought a nice artillery mule of Jesse Gully for \$125 and James Robinson a mule colt for \$25. There were about 75 cattle on the market, while trade in this line was rather slow, practically all sold from 64 to 74 cents. Center Brothers of Paint Lick, bought a cow of Pruitt Thompson for \$31. R. L. Burton, of lower Garrard bought 20 head of heifers and calves, of A. H. Roberts at an average of \$32 a head. Sherry Hudson a 600 pound yearling for \$40 of J. D. Pope.

A SAD DEATH.

Prof. J. H. Burns, of the Lancaster colored graded school, died Sunday afternoon, after an illness of ten days of pneumonia. This was the fourth year he had taught in Lancaster and by his polite and courteous treatment to all with whom he came in contact he had won a host of friends, both white and colored.

He was a member of the first Baptist church of Frankfort and had at one time served as pastor of the church here.

He was well educated, having graduated at Frankfort. His death is a great loss to his people as he stood for all the high things of life and his precept and example meant much to them. They have lost a friend whose life was devoted to their needs and whose first thought was for their welfare. He was twenty seven years old. After the funeral services which were conducted by the Rev. W. T. Silvey, of Frankfort, the interment took place in the colored cemetery Tuesday afternoon, at two o'clock.

WORLD'S RECORD

FOR CHARITY.

In the United States to date, \$14,000,000 have been given to the relief of the suffering Belgians. Forty seven ship loads of food and clothing have been delivered, or is in the process of delivery, and committees in thirty-six states are busy filling the "American Fleet of Mercy". This is the worlds record for charity.

Quite a number are interesting themselves in the "Committee of Mercy" fund, which goes to all the war sufferers and we hope to see Garrard county come up with a creditable offering. The following has been donated to date.

Previously reported \$30.70
Odd Fellows Lodge 5.00

EUGENIC BILL IS PASSED

BY INDIANA LEGISLATURE.

A certificate of physical perfection will be required by prospective bridegrooms in Indiana hereafter as Senator Neal's eugenic bill was passed by the Senate by a vote of 32 to 12. It was amended by Senator Neal so that only the prospective bridegroom is compelled to present a certificate from a physician showing that he is eligible physically for matrimony. Senator Neal spoke in behalf of the bill, saying that its enactment would be a long step toward reducing the number of blind and unfortunates in Indiana.

EXPORTS GREATER THAN ANY WERE A YEAR AGO.

Five times as much wheat and six times as much corn were exported from the United States in December as in the same month in 1913; flour exports increased more than 68 per cent for the same period; fresh beef increased more than twelve fold, and, generally, the exports of "breadstuffs," which includes practically all the staple grains, increased five times.

These figures were disclosed in a preliminary statement from the Department of Commerce, issued in response to many inquiries as to what extent foodstuffs were going abroad, with resulting abnormal prices at home.

PARIS IN DARKNESS FOR FEAR OF ZEPPELINS.

Paris has definitely abandoned all claim to the title of "City of Light", and assumed the shroud of mourning.

According to police regulations, emphasized by visits from officials to all business houses, no unshuttered or uncurtained windows are allowed to emit light, and no cafes or shops may brighten the sidewalk with gas or electric radiance in their windows. Even the windows overlooking courtyards have to be shaded while the wet boulevard pavements reflect faintly the few lamps burning here and there.

The public have taken the orders calmly with the remark that greets each new inconvenience: "This is war. After all one is worse off up there."

WAR TAUGHT TO GERMAN PUPILS AS FAST AS IT DEVELOPS

The German educational authorities are taking care to teach children the history of the war as fast as history is made. The Prussian ministry of education has just sent a circular letter of instructions to the school inspectors pointing out that the hour devoted to teaching history must be devoted principally to giving pupils a clear idea of the course and development of "the great war."

"There must be awakened in the children," says the circular, "an understanding of the serious and thrilling time in which they are living. While everything must be kept out of the schools that might implant in the hearts of the children overweening self-conceit or contempt and hatred for other peoples, still they should be filled with a joyous and conscious pride that they are members of a great people who are making heroic sacrifices in a just struggle against overwhelming odds."

GOOD BUYERS.

Tobacco Growers of The County Appreciate Their Fair Dealings.

The Lancaster Tobacco Warehouse, under the management of Billy Speth and Jake Graw, have purchased up to date over 1,000,000 pounds of Garrard county tobacco and have paid prices that have satisfied every customer and we have yet to hear a complaint from anyone that has sold to these popular buyers. To show the utmost confidence the people of this county have in these men, any number of crops are unloaded on their floors before a price is ever agreed upon, being willing to leave it to their honesty and fair dealing what the price shall be. That Garrard county appreciates the fair dealings of these people is shown by the number of pounds they have bought.
